

8/29/86
Bonnie Eleder

- ACDE final report on their oversight of project covers period of 10/11/15, 1984 - prior to well construction
- Summary of correspondence file:
 - Jan. 4, 1985 - letter from Dikinis to Axce - a request that he be given a 2 week notice of well installation
 - Feb. 4, 1985 - letter from Dikinis to Axce - change in OSC from Dikinis to Miller
 - July 15, 1985 - letter from Axce - certification that site modification program described in Sections II.A. is complete & monitor wells in Section II.B.1. have been installed
 - Aug. 24, 1985 - letter from Eleder to Axce notifying change in OSC from Miller to Eleder
 - Sept. 26, 1985 - letter & inspection report from Axce - states "Nine monitor wells are in excellent condition. All are padlocked & clearly visible."
 - Sept. 19, 1985 - Eleder site visit - did not count wells
 - Sept. 30, 1985 phone conversation between Eleder & Belobradich - WSNR not receive sample results either - Eleder to follow up on

- 9/30/85 - phone conversation between Eleder + Axce - he'll send sample results
- 10/2/85 - phone conversation between Eleder + Belobradich - Belo. received call from Axce who is copying sample results + will mail them
- 10/10/85 - letter from Eleder to Axce re inspection report
- 10/12/85 - letter from Axce to Eleder - contains sample results - states wells 7, 8, 10 plugged + abandoned because dry
also rec'd "lost" copy of sample results
- 2/13/86 - letter from Eleder to Axce - includes plugging of wells 7 and 8
- 2/21/86 - phone conversation between Eleder + Axce
- Axce said 2 wells dry when drilled so were plugged but 2 new locations were chosen to replace them - Axce said he'd mail a map indicating the 2 wells with their boring logs + analyses
- 2/24/86 - letter from Axce to Eleder - info. requested on monitor wells is forthcoming
- 3/5/86 - letter from Axce to Eleder - map - no boring logs - says well 10 drilled to replace well 7 - then wells 4E, 7, 8, 10 plugged
- 3/10/86 - phone conversation between Lipinski + Eleder - he said approval given to put in 10 to replace 7
- 3/20/86 - phone conversation between Lipinski + Eleder - problems with well numbering system - unclear what wells are in - we each talk to our attorneys & get back to Lipinski
- 3/31/86 - letter from Eleder to Axce - questions re wells

- 5/8/86 : letter from Aree to Eleder - answers to ?'s.
- 5/27/86 : memo from Eleder to Puchalski - re BASF
non-compliance
- 6/3/86 : meeting - Puchalski + Eleder
- 7/15/86 : meeting - OEC + CES → send ~~same~~ letter
- 8/15/86 : letters sent
: BASF response
